3) Fast Forward: The Architecture of William F. Cody

Join curator Jo Lauria for a public tour of this A & D Museum exhibit featuring the architecture of William F. Cody. An architect for celebrities of the likes of Walt Disney, Frank Sinatra and Bing Crosby, Cody was widely acknowledged as a forward-thinking, urbane architect who merged luxury with technology to achieve a high-style experimental modernism. This exhibition is the first comprehensive overview of Cody's architecture based on primary archival research. It is a tribute to one of the "giants" of desert modernism and celebrates Cody's centennial. [William F. Cody information: <http://aplusd.org/portfolio/fast-forward/>]
